

SCM Alliance

Vizient Pharmacy Networks Profile

vizientTM

SCM Alliance

Profile overview

- Inception date: March 2014
- Member count: 5 systems
- Most recent annual drug spend: \$135M
- Savings since inception: \$10.5+ implemented

Member benefits

- Knowledge sharing across members in regards to clinical practice, regulatory issues and growth opportunities
- Aggregated volume for contracting that includes all network members and possibly other Vizient Pharmacy Network members
- Access to a full-time Pharmacy Network Director as well as other subject matter experts on the Vizient team
- Value from exchanging ideas with other members as well as members included in other Pharmacy Networks for best practices

Supplier benefits

- Ability to move market share as a group
- Pharmacy Network Executive that allows for a single point of contact to facilitate supplier value and opportunity
- Assistance to members on implementation once a contract is signed
- Members work collaboratively to make decisions based on what is best for the group and not individually

Members

Florida

- Bethesda Health
- Boca Raton Regional Hospital
- Indian River Memorial Hospital
- Jupiter Medical Center
- Martin Health

Network highlights

- Majority of savings is attained through clinical utilization and standardization
- A true sense of “network” has been demonstrated with a high regard among members for the effort and value which participation in the network has provided
- 1.658 staffed beds
