- Member health systems: 14
- Member hospitals: 338
- Total member count: 4781
- Annual drug spend: >\$2 Billion

## Supplier benefits

- **Single point of contact** to facilitate communication of value and mutual opportunity
- **Proven ability to drive market share through network structure** and to drive compliance through peer communication and executive suite engagement in network activities
- **Ensures focus on initiatives** through the network that otherwise may be lost in the day-to-day priorities of a hospital pharmacy

## Member benefits

- **Access to benchmarking data and performance insights** across health systems to that drive clinical, operational and financial performance
- **Knowledge-sharing** to help address regulatory and practice issues, service evaluation and growth opportunities
- **Improved leveragability on drug pricing** by aggregating volumes both within the network and with other networks
- **Assistance with implementation strategies and stakeholder reporting** on cost savings and auditing performance
- **Peer-to-peer collaboration** to address disease complexity, transparency, benchmarking and member costing
- **Dual Membership** allows members to participate in VON and the traditional Pharmacy Networks

## The results

- Role in the Nation's largest member-driven Oncology Network
- Participation in cost-savings initiatives with proven results and better clinical outcomes
- Collaboration with like-minded Oncology systems seeking common endpoints
- Sharing pharmacy oncology best-practices through discussion and future in-person/on-site rotating meetings
